ILR Pending
DOB: September 17, 1999**

Auzeem is a large boned male with striking colour and ringlets galore in his suri type fiber. If you are breeding for conformation, fiber & presence... pick Auzeem.

Champions beget champions. Auzeem's dam, Nella's Nikita, is a grand champion in halter and fleece. His sire, Lumino, placed top ten in the US Futurity. His full sister, Nemowai, is also a halter and fleece grand champion.

Auzeem himself is a grand champion in halter and fleece.
